SATURDAY LAST DAY OF THE TERM

Court Business Will be Closed up To-morrow—Several Opinions Are Pending.

MILLER VS. KIRK CASE HEARD

Evidence in Hambrock Divorce Suit Introduced This Afternoon—Giles Divorce Heard.

Several opinions on cases which Judge Blair has heard and taken under advisement were expected in the circuit court this morning and a number of attorneys gathered for that purpose, but they were disappointed. Lawyers are expecting them to be made tomorrow.

Saturday will be the last day of court. It was said in the court this afternoon that tomorrow might be the last day Judge Blair will ever sit on the local bench. Lawyers are advocating that if the sixteenth judicial circuit is to be sliced up, it should be done just as soon as the legislature opens so that it will come while the agitation is warm. There will be no more court here until February.

The case of P. A. Miller, John Davis, Robert S. Davis, Lien Oneal, Homer Powell and John E. Ryburn against John F. Kirk occupied most of the time in court today. They are suing on a check and demand \$157.20. The defendant filed a motion this morning requiring a special finding of fact.

Judge Blair heard the case of Elsie Giles against Amor Giles for a divorce and took the matter under advisement. The case was sent here from Hancock county on a change of venue.

The cases of Lee Link against Flora Garrison, on a mechanic's lien, for \$35 and of James Ochiltree against the same defendant, on the same complaint, for \$25, were ordered consolidated by the court.

In the suit for a hundred dollars of Irvin M. Hill against Jesse K. Henley and John B. Ortman, on an account and for foreclosure of a mechanic's lien, the complaint was dismissed as to Ortman, and in default of Henley, judgment for the plaintiff in the sum of \$8.35 was rendered. Judgment of \$15.00 for attorneys' fees, making the total \$23.35, was also rendered.

An affidavit for a continuance was filed by the defendant in the divorce case of Pearl Hambrock against Julius W. Hambrock, which came here on a change of venue from Fayette county. The Hambrocks formerly lived here and Mr. Hambrock is making his home in Rushville now.

This afternoon the court refused a continuance and the case was heard, Hambrock defaulting. Mrs. Hambrock testified her husband told her a day or two ago that he had a doctor's certificate and he was going to hide from the court, and that the trial would not come up until February.

Mrs. Hambrock gave a detailed account of her married life of twelve years. It was brought that she had obtained a divorce from her husband once before and that they had been remarried three years ago. Mrs. Hambrock said her husband had never purchased her but one dress since they had been married. She charges non-support and drunkenness in the complaint.

Clarence Cross is confined to his home in West Seventh street with the grippe. His little son, Clarence, Jr., who was very seriously ill earlier in the week, is now out of danger.

INSPECTOR GETS RESULTS

Fire Escapes are Installed and Improved After his Visit.

The last visit of the State factory inspector here evidently has brought results, judging from improvements that have been and are being made. A fire escape on the west side of the Grand hotel, leading from the top floor, is just about completed. An additional ladder was placed on the fire escape on the west side of the Windsor hotel so people who should chance to have to escape from a fire, would not have to jump to the sidewalk from the first story. A ladder was also placed between the first and second story balconies in front.

DEATH COMES TO THOMAS N. SMITH

Well Known Farmer Succumbs at His Home Near Glenwood After Week's Illness.

TWO CHILDREN SURVIVE

Thomas N. Smith, 75 years old, a well known farmer of this county, died yesterday afternoon shortly after three o'clock at his home near Glenwood, from paralysis of the brain. Mr. Smith had been in ill health for sometime and had been seriously ill for one week. He had been a resident of this county practically all his life. Mr. Smith's wife died about nine months ago. He was a member of the Little Flatrock Christian church. Mr. Smith leaves two children, Mrs. Charles Foster and Mrs. Charles Gruell.

The funeral services will be held Saturday but the exact time has not been definitely determined. Burial will take place in East Hill cemetery.

CLERKS CROWDED AT THIS SEASON

Patrons May Mail Packages Early and Mark Them: "Don't Open Until Christmas."

BETTER THIS THAN A DELAY

The volume of business at the local postoffice shows a decided increase during the holiday season and while every effort is made to handle the mail as quickly as possible, the clerks are frequently unable to sort all of it upon the same day it is received. Persons who are expecting to send Christmas packages through the postoffice would make no mistake in mailing them in plenty of time. Under the postal ruling a sticker "Do not open until Christmas" can be placed upon fourth class mail and this will indicate that the package contains a Christmas gift.

Frequently people overlook the usual holiday rush and mail their packages expecting them to be handled as quickly as if the business were normal. It is much better to send them a few days in advance so that they will be at their destination on Christmas morning than to delay mailing them and have them reach their destination a day or so after Christmas. The mails are already showing an increase and the local clerks are expecting a great volume of business during the next ten days. The express companies are also experiencing a rush.

NOTHING TO DO BUT WAIT NOW

Local Postoffice Controversy Will Not Be Settled Until After the Holidays.

SENATE EXECUTIVE SESSION

One of President Taft's Appointments is Confirmed on Eve of Adjournment.

People of Rushville who are anxious to learn the outcome of the postoffice controversy will have to wait until after the holidays because congress adjourned yesterday until Monday, January sixth and, although the senate was in executive session an hour and a half, it confirmed only one of President Taft's postoffice appointments, according to dispatches from Washington today.

Charles Frazee, the present postmaster here, is on the waiting list. His name has been sent up with a number of others who have been recommended to the president for appointment. The appointments, as in the local case, are for postoffice terms which expire before Woodrow Wilson is inaugurated.

A dispatch says the senate confirmed one appointment, that of John H. Brown as postmaster at Concord, N. H., in the hour and a half of executive debate. Senator Hoke Smith, acting for many Democrats, offered a resolution for the confirmation of army and navy appointments, but the Republican senators insisted on starting at the head of the list for the consideration of postmasters.

Objections by Senator Hitchcock, Democrat, that postoffice appointments had not received consideration by the full membership of the postoffice committee, drew the declaration from Senator Lodge that, if this point were forced, it would be embarrassing throughout the administration of Woodrow Wilson.

Senator Lodge declared that the senate had always followed the precedent of confirming postoffice appointments on the recommendation of the subcommittees of individual senators to which they were referred. Senator Hitchcock finally withdrew his objections, but no action was taken on any of the other postoffice appointments.

"CURLEY" LINK ON RAMPAGE

Glenwood People Wanted Him Arrested According to Message.

"Curley" Link of Glenwood was on a rampage in Glenwood last night, according to information telephones here. It was explained to the officers that Link had threatened to kill his wife and that he might do injury to any one in the condition he was. The officers sent word back that they would not go to Glenwood and arrest him without an affidavit, because it was barely possible that the difficulties would all be settled and everything would be serene by the time they arrived.

SPECIAL MEETING.

County Auditor Jesse Stone has called a special meeting of the county board of commissioners to be held here next Monday to consider special business. The board met with the commissioners of Hancock and Shelby counties yesterday in joint session and decided to grant the contractor building the Murray Moore road an extension of time until September first to complete the road.

PROGRAMS FOR STATE MEETING

County Superintendent George Distributing Advance Circulars for Teachers' Ass'n Session.

FIRST THREE DAYS AFTER XMAS

Sale of Tickets Here is Large and Representative Body from Rush Will Attend.

C. M. George, superintendent of the county schools, is in receipt of a number of copies of the program for the fifty-ninth annual session of the Indiana State Teachers' Association, which will be held in Indianapolis December 26, 27 and 28. The programs at the various sessions promise much in the way of instruction and entertainment for the teachers.

Supt. George still has a few tickets for the meeting which were allotted to the teachers of Rush county. They are sold at fifty cents each. From the sale of tickets it is learned that a great many teachers in the county will attend. The schools close tonight for a two weeks' holiday vacation.

Probably the greatest number which the program offers is the speech which will be delivered by Senator Robert M. La Follette Thursday at the general assembly. All of the general assemblies will be held at Tomlinson hall. Senator La Follette's subject has not been announced. Other speakers of note at the general assemblies will be Dr. C. A. Prosser, secretary of the National Society for the Promotion of Industrial Education of New York, whose subject is "Some Practical Phases of Industrial Education;" Dr. Charles H. Judd of the School of Education, University of Chicago, who speaks on "Reading and Numbers as Phases of Industrial Education;" C. N. Kendall, commissioner of education state of New Jersey; Dr. E. A. Hanley, president of Franklin college; Hilton U. Brown, editor of the Indianapolis News; Bliss Perry, editor of the Atlantic monthly.

As usual each session will be interspersed by a number of musical numbers and readings. Anna Genevieve Smith is on the program for several selections on the harp and Marietta La Dell will give the majority of the readings.

DEATH WAS AN ACCIDENT

Piece of Shell Rim Found in Roy Steward's Chest.

It has been definitely established by the coroner of Shelby county that Roy A. Steward, son of Mr. and Mrs. John Steward, and brother of Mrs. David Ray of Homer, was killed at his home one night this week by the accidental explosion of a shotgun shell. The boy was at home alone with six brothers and sisters. The finding of a piece of the rim of the shell in the boy's breast removes all doubt but what the death was accidental. It is believed he placed the shell on the hot stove which caused it to be discharged.

FRANK LOFTUS ELECTED.

Frank T. Loftus of this city was elected secretary of the Central Electric Railway Account Association at a recent meeting of the association at South Bend. Mr. Loftus is auditor of the Indianapolis & Cincinnati Traction Company here.

A ten pound baby boy was born to the wife of George Davis at their home in West Ninth street Wednesday night.

BELL PEALS FOR MONEY

Salvation Army Workers on Street With Little Kettle.

The piercing peal of a little bell in the hands of some member of the local Salvation Army corps each minute of every twelve or fourteen hours a day, arouses pedestrians on the down-town streets to the realization that the Salvation Army is still on the job and is looking after the Christmas cheer in the poor homes of Rushville. The little iron kettle stands beside the person with the bell, which does its merry appeal for a contribution, no matter how small, to help buy baskets of good things to eat, which will be distributed on Christmas day. Last year 300 baskets were given out.

NO DISSENTING NOTE IS SOUNDED

Lawyers Favor Slicing of Sixteenth Judicial District And Would Like Separate Circuit Here.

THEY ARE ENTITLED TO IT

Not a dissenting note among attorneys has been sounded to the idea of slicing up the sixteenth judicial circuit and making Shelby circuit court, and possibly the Rush circuit court, a separate circuit. Most of the Rushville attorneys—in fact all of them—would be pleased if court were in session here nine months out of the year because under those conditions much more business could be transacted. They figure, also, that considerable change of venue business would come here from some of the surrounding courts that are crowded. And in addition, they believe they are as much entitled to a separate circuit as Hancock and Henry counties.

Attorneys here believe there is not much probability of the legislature hooking Rush and Fayette counties together because there is too much opportunity for electing a Republican judge. In the event of a change in the circuit there is little doubt but what a judge will have to be appointed, which fact has placed a lot of Rushville Democratic attorneys in a receptive mood.

SOLD IN EVERY STATE BUT FOUR

Red Cross Seals Were First Sold In Delaware For Anti-Tuberculosis Campaign.

WONDERFUL STRIDES MADE

The Red Cross Christmas seals are being sold in every state of the Union except four. This fact is all the more remarkable when it is recalled that the plan was not started until 1907. In that year Jacob Riis and Emily Bissell sold a Red Cross stamp in Delaware to earn funds for carrying on anti-tuberculosis work. They collected \$3,000. The next year the national stamp came into existence under the auspices of the Red Cross Society and this year 85,000,000 seals were printed. Something of the increase in popularity of the seal is shown by the increased sale in Indiana. In 1910 there were sold in this state about 600,000 and last year the sale amounted to 1,244,000. Two years ago no seals were sold in Texas and last year that state bought 1,250,000.

The Daily Republican Santa Claus fund is doomed, it seems today, to be smaller than it was last year. But Santa Claus is not down-hearted. He never gets so. He still has great hopes of some unusual thing coming to pass that will increase the fund and make it near the amount that was contributed last year.

The good people of Rushville and Rush county have just two more chances to join hundred or more happy people, both grownups and little ones, who have already contributed, in assisting to make a merry Christmas for the unfortunate little folks of Rushville.

Last year the total contributed for the making of a happy Christmas for the hundreds of children who have no anticipation of Santa's visit was \$179.18, the largest amount received in the three years history of the fund. Something like fifty dollars or more will have to be contributed if the same record is established this year.

It appears that this year's fund will do well to equal that of the first year, 1909, when the people of Rushville and Rush county gave \$152.32. In 1910 the fund was increased by \$2.84.

On account of the shortness of funds this year it appears that the fund managers will have to depend on the services of vehicles being donated to do the delivering. Last year the money was so plentiful that it was possible to hire plenty of rigs so that the delivering was all done in a half day. This year the buying was started long before it was ascertained about what the amount of the fund would be, and buying on the same scale as they did last year, the buyers quite naturally overstepped the mark. For this reason alone much more money is needed else the packages will have to be cut down this year and the little folks will get less Christmas.

The wrapping and tying of the packages and the routing of them in preparation for delivery will be done next Monday, all in a day if enough helpers can be procured. The work will be done in the Maria Toolen room at the corner of Main and First streets and the deliveries will be made from there. Any persons who feel that they can spare some time next Monday to assist in the work are kindly asked to communicate with Mrs. Owen Kincaid or the Daily Republican office.

SITTING SUSPENDED

The Archbald Case Will Be Resumed After Holiday Vacation.

Washington, Dec. 20.—The impeachment trial of Judge Robert W. Archbald of the United States commerce court, was suspended in the senate at 4 o'clock yesterday afternoon until after the holidays. The defense has about ten more witnesses and will conclude its case by putting the respondent himself on the witness stand. Following the witnesses for the respondent the house managers will call a few witnesses for rebuttal. The case will be closed early in January and a vote probably will be taken before the end of that month.

CAUSE OF IMPURE BLOOD

Druggist Tells of Best Remedy.

Pure healthy blood is a most essential factor to good health.

Poor, thin, devalitized blood may be caused by a weakness of the digestive organs, an accumulation of waste matter in the system, an inactive liver or lack of exercise.

Whatever the cause the best remedy we know is our delicious cod liver and iron tonic, Vinol. It will purify and enrich the blood, tone up the digestive organs, give you a hearty appetite and create strength.

A case has just come to our attention from Schenectady, N. Y. Mrs. Hattie Hall says: "I was forcibly reminded that my system was run down and my blood in bad condition by an abscess forming in my side which required treatment for several weeks. Under the regular use of Vinol to purify and enrich my blood and build up my strength this was soon healed, and my general health was much improved."

If you have the slightest indication of poor blood take Vinol. If it fails to help you we will give back your money. F. B. Johnson and Co., druggists, Rushville.

TUBERCULAR ASTHMA CONQUERED BY NATURE'S CREATION

MORRIS MCBRIDE.

"To the Public: For two years I suffered with what physicians said was tubercular asthma and three of our best doctors told me I could not be cured. After holding a consultation they said that the best thing I could do was to go to Colorado. At this time I was coughing and spitting up frightful quantities, weighing less than 100 pounds. I began taking Nature's Creation about the first of November, 1911. I have not had a single attack of asthma since and haven't coughed or spit anything for at least three months. At this time last year I was suffering every hour, day and night, and was not able to lie down for five and six weeks at a time. Now I feel as well as I ever did in my life and weigh about 125 pounds. These are facts, and if any one doubts them write to me and I will have our bank or any of our best merchants endorse my statement. Respectfully, MORRIS MCBRIDE, Shoals, Ind."

"November 5, 1912.
"I am feeling fine—all O. K. People say I am looking the best they ever saw me. My strength is good, I work hard all day and do not tire out easily. I have cut over four hundred shocks of corn since I wrote you last—most of it was very heavy corn. I saw the party to whom I recommended Nature's Creation. He said he had gotten a bottle for his wife and that she hadn't been bothered with the asthma since she began taking your medicine and is sleeping good every night. Yours, truly,
"MORRIS MCBRIDE."

Mine Workers' Head Re-Elected.
Indianapolis, Dec. 20.—The tellers for the referendum election of the United Mine Workers of America are preparing the official result of the balloting. The unofficial count shows that J. P. White will be re-elected over Alex. Bradley of Mt. Olive, Ill., by a big majority for president. The figures show that it will be a close race for secretary and treasurer; Edwin Perry, the incumbent, William Green and Joseph Richards being neck and neck.

Congressional Recess.
Washington, Dec. 20.—Upon adjournment yesterday afternoon more than two-thirds of the membership in congress started for their homes to spend the holiday recess. The two houses will be off the job until Jan. 2.

ARE YOUR KIDNEYS WELL?

Many Rushville People Know the Importance of Healthy Kidneys.

The kidneys filter the blood. They work night and day. Well kidneys remove impurities. Weak kidneys allow impurities to multiply.

sent to the police departments in many cities. Snyder is fifty years old, five years older than his alleged victim, and before and since the murder he had lived in the Dayton home. Dayton was a factory employe and had a family of three children. Snyder took up his residence with Dayton in 1910, and his relations with Dayton were said to have been of the pleasantest kind.

Mrs. Dayton told the police that neither she nor her husband had knowledge of Snyder's past, but that he had led them to believe he formerly was a school teacher. Dayton disappeared on Labor day, 1910, and Mrs. Dayton, after failing to hear from her husband, reported the matter to the police two days later. The police at the time found nothing suspicious in Dayton's leaving, and as none of his family seemed to regard his absence with alarm, the investigation was dropped. Finally it was said that Dayton had gone to his former home in Kentucky. Snyder continued to live at the Dayton home and is said to have contributed to the support of the wife and children.

The cellar is in reality a sort of "dug out" beneath the kitchen of the house, and was not used for storage purposes and the entrance is by a trap door in the floor. Just how Snyder could have killed Dayton, buried him in the cellar, after obtaining lime and carrying it to the house, without leaving a trace of his work behind, is a feature of the mystery that indicates to the police that all the facts are not yet known.

CRIME OF THE CENTURY

In These Words Government Characterizes Dynamiting Case.

Indianapolis, Dec. 20.—In closing his argument in the dynamiting cases, Assistant District Attorney Noel characterized the dynamite conspiracy as the colossal crime of the century.

"I confidently expect the conviction of every one of these forty defendants on every count in the indictment," he declared. "It seems to me that the government, with the tremendous amount of evidence that has been laid before you has made a complete case."

To Mr. Noel was given the difficult task of presenting in its entirety the case of the government, compressing into one day and a half's time of discussion what in nine weeks of rapid presentation of evidence the government had laid before the jury. Chester H. Krum of St. Louis, attorney for John H. Barry, former member of the iron workers' executive board, and for Paul J. Morrin, former iron workers' business agent, then began the presentation of the argument for the defense.

Wealthy Farmer Murdered by Robber.

Evansville, Ind., Dec. 20.—The police are baffled by the mysterious murder of Israel Deischler, aged fifty, whose body was found under a bridge that spans Pigeon creek, in the west part of the city. Deischler owned a large farm in Wabash county, Illinois, and several weeks ago married a wealthy widow. He had been shot once, the bullet passing through the abdomen. His pockets were rifled.

Ben Kahn Secures Bond.

South Bend, Ind., Dec. 20.—Ben Kahn, accused with Ben Franklin in the "arson trust" case, has been released on \$7,500 bond. An effort is being made to get bail for Franklin. His bond has been reduced from \$20,000 to \$10,000.

Another Guinness Rumor.

Laporte, Ind., Dec. 20.—Information that Mrs. Belle Guinness, on whose "murder farm" near here in 1908 thirteen bodies were found, is believed to be in Lethbridge, Alberta, Canada, has been received by Chief of Police Meinke. A woman answering the description of Mrs. Guinness is under surveillance there, says the message. The local police were requested to send a man to complete the identification.

Jury Found Savage Guilty.

Terre Haute, Ind., Dec. 20.—Frank Battle Ax Savage, charged with the murder of Harry Kiger on the night of Sept. 25, was found guilty of manslaughter by a jury. Savage shot Kiger to death at the entrance of a saloon, as the result of trouble between the two men bred in the tenderloin district. He pleaded self-defense.

BODY CONSUMED BY QUICKLIME

Murderer Sought to Make Sure of His Work.

OLD CELLAR DISCLOSES SECRET

Richmond Police Working on Gruesome Case in Which Joseph F. Snyder, Declared by Widow of Victim to Have Been the Slayer of Henry Dayton Two Years Ago, Is Connected Through Alleged Confession.

Richmond, Ind., Dec. 20.—Beneath a layer of earth and quicklime in the cellar of the Dayton home, the skeleton of Henry Dayton, who disappeared mysteriously two years ago, was found by the police. That Dayton had been murdered and his body carried into the cellar and buried to hide the crime there is no doubt, according to the police.

Joseph F. Snyder, who left here several days ago and who is now being sought, is alleged by Dayton's widow to have been her husband's slayer. This information, she says, was given her when she received a letter from the alleged murderer telling of the crime. Mrs. Dayton turned the letter over to the police, who went to the Dayton home, in the northern part of the city, and began an investigation. At the foot of the cellar stairs there was evidence that the earth had been thrown up and here the police began to dig. Less than two feet beneath the surface they came on the skeleton of a man. The body had been doubled up and thrown into the hole. Alternate layers of earth and lime had covered the body and the lime had done its work well, for not a vestige of flesh was on the bones. The back part of the skull was broken, as if the man had been killed with a hatchet. Descriptions of Snyder have been

The Fact That We Are Selling the Most of the Storm Buggies This Year

is easily accounted for. It is no trouble to sell a buggy if you have the best buggy, the best price, and the best terms. We claim these three points of advantage but are willing to leave the matter to you to decide whether or not our claim is a just one. We believe that you will agree with us on this decision if you will take the time to come in and see our stock of storm buggies. We also believe that if we can convince you of the fact that we can give you the best buggy at the best price and on the best terms, and you want a Storm Buggy that we can sell you what you want. Remember our buggies are different in style as well as quality and if you buy one of them, you will be satisfied with it.

Bryan vs. Underwood.

The editor of a paper in Birmingham, Ala., the home city of Mr. Underwood and chief center of the iron and steel industry of the South, has opened fire vigorously on Mr. Bryan, as Mr. Underwood himself did on the floor of the House at the last session when he rose to a question of privilege especially to show that he was for a fight to a finish with the Nebraska. No doubt with Mr. Underwood's approval the Birmingham editor submits some "startling facts" about the Baltimore convention, setting forth that Bryan, after abandoning and defeating Clark, tried at the last moment to beat Wilson also by a deal with the New York delegation in behalf of Gaynor. Bryan's real object, as this statement asserts, was to get the nomination himself. That he was a Barkis on the occasion is quite probable. But after wiping up the earth with the New York delegation it is not likely that he went to Murphy, Ryan and Parker with a sudden proposal to strike a partner-

ship. The Alabama editor holds that Wilson owes Bryan nothing. But the country knows that Bryan personally brought about Wilson's nomination. It was done in the view of everybody, with each successive step in open convention.

This editorial fellow-townsmen of Mr. Underwood says: "Bryan will never be offered a place in Wilson's cabinet unless Wilson decides that by this means he can preserve Democratic harmony by silencing the Nebraska." The idea of silencing Bryan under any circumstances is amusing. It is not certain that he wants a seat at Mr. Wilson's council table. If he should be offered and accept a place there he will make himself heard beyond any other member. If he remains a Democrat at large he will have plenty to say. In each of his three battles he received at least 800,000 more votes than Wilson. The Baltimore platform, put together by Bryan, favors constitutional amendment limiting a president to one term, and declares that "we pledge the candidate of this convention to this principle." Bryan is an uncompromising free trader, Underwood a trimmer. In antagonizing Bryan, Mr. Underwood and his editorial ally are riding for a speedy fall.

What Our Neighbors Are Talking About

T. R.'S WILD TALK.

(Anderson Bulletin.)

Mr. Roosevelt by his course at the conference of progressives at Chicago yesterday has indicated that his war on the Republican party has just started. He made the broad assertion that no honest man could remain in the Republican party, and that every Republican who wished to join with the progressives would first have to purge himself and be baptized anew in the faith.

In the next breath the colonel led the cheering which greeted a speaker who made a lurid attack on the courts of the country and especially the Idaho Supreme court which is about to jail some bull moose newspapers for contempt of court.

Friends of Mr. Roosevelt in the old days will deplore his new inclinations. His reckless behavior, whether it be a matter of conviction with him, or only for political expediency, has unseated the confidence of hosts of his supporters. He is a virile character, but it had been the hope of his friends that the last campaign saw the most exaggerated extent of his political notions. It seems not. The

prediction is made here that the present Chicago conference will do more than the recent campaign he made against President Taft to strip Mr. Roosevelt of the confidence and admiration of well balanced American citizens.

PAYS BIG PRICE FOR MULES

Inlow Brothers Give \$10,000 for 51 Head.

The largest deal in mules that has ever been consummated in Decatur and adjoining counties for years, is that of Inlow Brothers, of Manilla, buyers and shippers, who purchased fifty-one head of the long-eared fellows from William Mobley, of Hartsville, says the Greensburg News. The price paid for the half century and one mule was \$10,000.

Inlow Brothers then shipped sixty-one head of these animals to the southern market, selling the entire lot at an average of \$200 per head.

County Council Appropriates \$1,588.33 at Session Today.

At the special session of the county council today a deficiency appropriation of \$1,588.33 was made and the council adjourned sine die. All of the money appropriated was to be used in closing up the year's business. All money left on hands reverts back at the first of each year and the council has to reappropriate. The biggest items today were for bridge repair and the salary of the county asylum superintendent, \$221.88.

DRUGGIST LANDS THE PLUM

Willard S. Pugh is Recommended For Grenfield Postoffice.

Finly H. Gray, representative in congress from the Sixth district, announced yesterday that he will recommend Willard S. Pugh, a druggist of Grenfield, for postmaster. Several men had made application for the place. The term of George W. Duncan will expire July 31, 1914. Congressman Gray has also announced that he will recommend Quincy A. Wright for postmaster at Fortville.

AMUSEMENTS

The Ercie will have the usual change of program tonight. "Don't Pinch My Pup" is the title of a comedy, which is said to be very clever. "Treasurers on the Wing," is a So-lax drama.

The Princess offers an exceptionally good program tonight. "When Persistency and Obstinacy Meet" is the title of the first picture, a Vitagraph featuring Florence Turner and Maurice Costello. The other is a Selig drama, "An International Romance."

The Palace theatre has installed fire extinguishers in the picture machine room as well as all over the theatre. They are so placed that they can be used by people in the audience in case of emergency. All Indianapolis theaters have extinguishers, and it is expected that the next legislature will pass a law making them compulsory.

Three reels showing the Olympic games, held this year at Stockholm, Sweden, will be shown tonight at the Portola. The first reel of pictures shows the Swedish royal family arising in its box at the stadium for the opening of the contests. The parade of the nations before the Swedish royal box will be given, followed by the football game between Sweden and England; the American team winning the trap shooting contest; Ralph Rose, of the American team, winning the shotputting event. The second reel will give the three hundred kilometer bicycle race around lake Marlan, which Rudolph Lewis, of South America, won in 10 hours, 32 minutes; pole vault won by Babeock of the American forces; McGrath of America winning the hammer throw, and a military horse show. The third picture shows the swimming events; the high jump; the start of the Marathon and ends with king bestowing medals and wreaths on the victors.

BRYAN'S STAMP OF APPROVAL HELPS

President of Indiana University Praises Carthage Schools For Their Excellent Work.

COMMISSION IS RETURNED

The recent visit of William L. Bryan, president of Indiana University and member of the State school commission, probably had much to do with the return of the commission to the Carthage high school. It was taken away from the school several months ago after revelations brought out by the investigation of the shooting of a Carthage school boy by one of his comrades. Pres. Bryan visited the Carthage schools several days ago and addressed the high school. He was asked for a statement concerning the schools and gave out the following:

"Carthage has good schools. I saw no bad work. The best I saw was very fine, such as is rarely seen. I was impressed by the ideas which the trustees and superintendent have for future improvements. They seemed to me reasonable, prudent and in the best sense progressive. I look for the development here of one of the very best schools in the state."

NEW SHERIFFS FRAME NO BILLS

New Organization Adjourns, Determined to Await Report of State Board of Accounts.

AGREEMENT ON FOREIGN FEES

The forty or fifty sheriffs-elect from over the State who attended the meeting at the Denison hotel, left for their homes Thursday without having framed any bills for presentation to the legislature, says the Indianapolis News. A. F. Gladioux, sheriff-elect of Allen county, said that nothing along that line would be done at this time. He said:

"Two years ago the legislature directed the public accounting board to prepare statistics showing the cost of conducting all the county offices in the state, with a statement of the amount of help required in them and the wages paid and that ought to be paid. The board is to submit this data to the coming general assembly, and we will wait until that report is in before we make any move."

The sheriffs agree that they would collect "foreign" fees for each other without charge. Plans were discussed for co-operation among sheriffs in detecting criminals.

ARMY OF TWENTY-SIX DWINDLES TO THREE

Suffragette Hike Promises to Peter Out.

Fishkill Landing, N. Y., Dec. 20.—In the midst of darkness and a rip-snowing snowstorm, three survivors of the suffragette army arrived here at 6:45 o'clock last evening. They had walked twenty-four miles during the day over roads almost impassable on account of mud. This record-breaking performance had exhausted all of them. General Rosalie Jones, who barely recovered from badly blistered heels, nearly collapsed in the public

square and had to be carried into the hotel, where she revived under the ministrations of Surgeon General Dock, who is one of the three faithful hikers.

The army went to bed immediately upon its arrival here and did not emerge again until long after dinner, when it marched down to a dinner of Fishkill business men who were celebrating the fiftieth anniversary of the Tompkins Hose company, the best-known fire department in the village. There War Correspondent Jessie Hardy Stubbs, who is the third survivor of the dauntless twenty-six, made a speech.

The start today was not made until 10 o'clock, with Wappingers Falls, eight miles away, as its objective.

Old Game in New Guise.

Seymour, Ind., Dec. 20.—The police of this city are trying to find "Professor" Keller, who left Seymour after obtaining between \$700 and \$1,000 from the citizens. He advertised himself as a clairvoyant. After a short reading he informed his clients they could find a hidden treasure or lost estate, but they must deposit some gold money with him so it could be "magnetized." He instructed them to return later. When they came back he had disappeared.

Marion 37-A five-passenger touring car, fully equipped, \$1475

STYLE, Class and Distinction heretofore unknown among popular-priced cars are expressed in Marion automobiles of the 1913 series.

They immediately impress you as being cars of unusual beauty and size. Their appointments for your comfort and convenience instantly appeal to you. Their records through ten successful years prove their durability and satisfactory service.

You cannot buy 1913 cars built with greater intention of having them make good with YOU. They are made by some of the best known men in the trade, and in the largest automobile factory in Indianapolis.

Consider those most important features which you will want in your 1913 car—the Marion line will meet every desire. Its equipment, for example—there is every accessory on the Marion to insure your touring comfort. All is regular, and at one price.

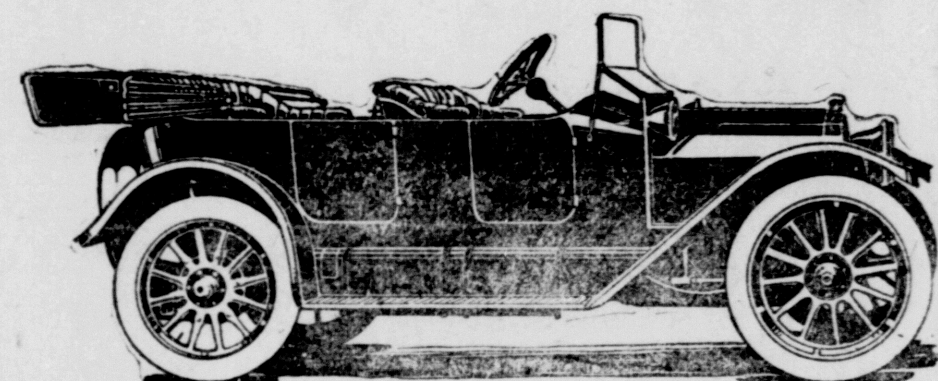

If you have not already seen the new Marion cars, by all means do so today.

When you look at these cars—remember—with their beautifully finished and appointed bodies are staunch and sturdy chassis; strong and quiet long-stroke motor; constant level (circulating) oiling system; carburetor adjustment on steering column; three-point suspension; smooth and positive clutch; selective transmission, three speeds forward, center control; four double-acting brakes; dependable steering gear and axles, and complete equipment.

Marion 48-A five-passenger touring car, fully equipped, \$1850

\$1850 The Marion 48-A is the Marion de luxe, a larger, more powerful five-passenger touring car. It is an automobile of quality and distinction, in length, finish and equipment. With unusual roominess in its body, depth of upholstery, and ease in riding it is indeed a car for those who desire luxury and class. Forty-eight horsepower long-stroke quiet motor; 120-inch wheelbase; 36 x 4-inch tires; flexible springs of imported steel; full equipment.

Marion 36-A "Bobcat" roadster, fully equipped, \$1425

\$1425 The Marion 36-A, famous as the Marion "Bobcat", altogether the snappiest two-passenger roadster of the year. It has lines which indicate the speed it possesses. Its low bucket seats make it exceptionally comfortable on all roads. It is finished in cardinal red and has the same chassis as the 37-A—power, dimensions, and equipment.

GUIDE IS HELP
TO POSTAL CLERK

Zone of Every Postoffice For Pur-
poses of Parcels Post Can
Be Set Down.

REGULATIONS ARE RECEIVED

When Maps and Stamps Are Sent
Everything Will be Ready
For the Start.

Postmaster Charles A. Frazee has
received the parcels post guide book
and rules and regulations so that the
postoffice force can get familiar with
the workings of the new service.

The guide book is the most interest-
ing part of the consignment. It
gives the name of every postoffice in
the United States, according to
States, and in alphabetical order.
There are two columns after each
postoffice. In one is the unit in which
the postoffice is located. The other
designates the zone column and is
left blank.

The zones are different for each
unit. For instance, postoffices in the
Greensburg second zone would not
necessarily be in Rushville's second
zone because Greensburg and Rush-
ville are in different units. When the
Rushville postoffice receives a par-
cels post package for a certain post-
office, the clerk can consult the special
parcels post map of the United
States and determine what zone it
is in, taking the Rushville unit as a
basis. Then the zone can be set
down in the guide book opposite the
postoffice, and when another pack-
age for the same postoffice is mailed
here, it will not be necessary to go
to the trouble to determine the zone
again. The clerk can refer to the
guide.

Postmaster Frazee is expecting a
consignment of the new maps and the
special stamps at any time now, and
then they will be ready to start the
new service on the first day of the
new year.

The new maps for the parcels post
system are unique in that no towns
are shown on them. Where each town
should be, there is a number inclosed
in a small square, giving the zone.
For instance, if there is a parcels
post town in the state of New York

it will be numbered and it will be
necessary to take the guide book to
find the location.

The guide and postoffice regula-
tions which have been received tell
the condition governing all articles
to be mailed and the condition in
which the packages are to be packed.
All smaller features about the sys-
tem are explained in detail.

The book of regulations gives a
list of articles which will be prohib-
ited from the parcel post service.
These prohibitions include all arti-
cles now barred from the mails in
the way of obscene, lewd or immoral
literature. All intoxicating liquors
are barred and all poisons, which do
not include medicines composed of
poisons in part. Insects and explos-
ives are excluded from the service
and all inflammables, such as turpen-
tine and gasoline. Infernal machines,
whatever they are, will not be receiv-
ed by the department and the same
applies to mechanicals or chemicals
which are of an explosive nature.
There is a regulation for the trans-
portation of disease germs and scabs,
such as cultures. Queen bees and
dried reptiles are admitted as mail-
ables, but all live birds and chickens
are barred. Dressed poultry may be
sent, provided its destination is not
farther than the first zone.

HELD UP AND ROBBED.

J. Buscher, night operator at the
C. H. & D. station at Liberty, was
held up at the point of a revolver
early yesterday morning by a robber
who emptied the till of all of its con-
tents, \$18, and fled. He was thought
to have come in this direction.

SATURDAY LAST DAY OF THE TERM

Court Business Will be Closed up Tomorrow—Several Opinions Are Pending.

MILLER VS. KIRK CASE HEARD

Evidence in Hambrook Divorce Suit Introduced This Afternoon—Giles Divorce Heard.

Several opinions on cases which Judge Blair has heard and taken under advisement were expected in the circuit court this morning and a number of attorneys gathered for that purpose, but they were disappointed. Lawyers are expecting them to be made tomorrow.

Saturday will be the last day of court. It was said in the court this afternoon that tomorrow might be the last day Judge Blair will ever sit on the local bench. Lawyers are advocating that if the sixteenth judicial circuit is to be sliced up, it should be done just as soon as the legislature opens so that it will come while the agitation is warm. There will be no more court here until February.

The case of P. A. Miller, John Davis, Robert S. Davis, Lien Oneal, Homer Powell and John E. Ryburn against John F. Kirk occupied most of the time in court today. They are suing on a check and demand \$157.20. The defendant filed a motion this morning requiring a special finding of fact.

Judge Blair heard the case of Elsie Giles against Amor Giles for a divorce and took the matter under advisement. The case was sent here from Hancock county on a change of venue.

The cases of Lee Link against Flora Garrison, on a mechanic's lien, for \$35 and of James Oehlertree against the same defendant, on the same complaint, for \$25, were ordered consolidated by the court.

In the suit for a hundred dollars of Irvin M. Hill against Jesse K. Henley and John B. Ortman, on an account and for foreclosure of a mechanic's lien, the complaint was dismissed as to Ortman, and in default of Henley, judgment for the plaintiff in the sum of \$8.35 was rendered. Judgment of \$15.00 for attorneys' fees, making the total \$23.35, was also rendered.

An affidavit for a continuance was filed by the defendant in the divorce case of Pearl Hambrook against Julius W. Hambrook, which came here on a change of venue from Fayette county. The Hambrooks formerly lived here and Mr. Hambrook is making his home in Rushville now.

This afternoon the court refused a continuance and the case was heard, Hambrook defaulting. Mrs. Hambrook testified her husband told her a day or two ago that he had a doctor's certificate and he was going to hide from the court, and that the trial would not come up until February.

Mrs. Hambrook gave a detailed account of her married life of twelve years. It was brought that she had obtained a divorce from her husband once before and that they had been remarried three years ago. Mrs. Hambrook said her husband had never purchased her but one dress since they had been married. She charges non-support and drunkenness in the complaint.

Clarence Cross is confined to his home in West Seventh street with the grippe. His little son, Clarence, Jr., who was very seriously ill earlier in the week, is now out of danger.

INSPECTOR GETS RESULTS

Fire Escapes are Installed and Improved After his Visit.

The last visit of the State factory inspector here evidently has brought results, judging from improvements that have been and are being made. A fire escape on the west side of the Grand hotel, leading from the top floor, is just about completed. An additional ladder was placed on the fire escape on the west side of the Windsor hotel so people who should chance to have to escape from a fire, would not have to jump to the sidewalk from the first story. A ladder was also placed between the first and second story balconies in front.

DEATH COMES TO THOMAS N. SMITH

Well Known Farmer Succumbs at His Home Near Glenwood After Week's Illness.

TWO CHILDREN SURVIVE

Thomas N. Smith, 75 years old, a well known farmer of this county, died yesterday afternoon shortly after three o'clock at his home near Glenwood, from paralysis of the brain. Mr. Smith had been in ill health for sometime and had been seriously ill for one week. He had been a resident of this county practically all his life. Mr. Smith's wife died about nine months ago. He was a member of the Little Flatrock Christian church. Mr. Smith leaves two children, Mrs. Charles Foster and Mrs. Charles Gruell.

The funeral services will be held Saturday but the exact time has not been definitely determined. Burial will take place in East Hill cemetery.

CLERKS CROWDED AT THIS SEASON

Patrons May Mail Packages Early and Mark Them: "Don't Open Until Christmas."

BETTER THIS THAN A DELAY

The volume of business at the local postoffice shows a decided increase during the holiday season and while every effort is made to handle the mail as quickly as possible, the clerks are frequently unable to sort all of it upon the same day it is received. Persons who are expecting to send Christmas packages through the postoffice would make no mistake in mailing them in plenty of time. Under the postal ruling a sticker "Do not open until Christmas" can be placed upon fourth class mail and this will indicate that the package contains a Christmas gift.

Frequently people overlook the usual holiday rush and mail their packages expecting them to be handled as quickly as if the business were normal. It is much better to send them a few days in advance so that they will be at their destination on Christmas morning than to delay mailing them and have them reach their destination a day or so after Christmas. The mails are already showing an increase and the local clerks are expecting a great volume of business during the next ten days. The express companies are also experiencing a rush.

NOTHING TO DO BUT WAIT NOW

Local Postoffice Controversy Will Not Be Settled Until After the Holidays.

SENATE EXECUTIVE SESSION

One of President Taft's Appointments is Confirmed on Eve of Adjournment.

People of Rushville who are anxious to learn the outcome of the postoffice controversy will have to wait until after the holidays because congress adjourned yesterday until Monday, January sixth and, although the senate was in executive session an hour and a half, it confirmed only one of President Taft's postoffice appointments, according to dispatches from Washington today.

Charles Frazer, the present postmaster here, is on the waiting list. His name has been sent up with a number of others who have been recommended to the president for appointment. The appointments, as in the local case, are for postoffice terms, which expire before Woodrow Wilson is inaugurated.

A dispatch says the senate confirmed one appointment, that of John H. Brown as postmaster at Concord, N. H., in the hour and a half of executive debate. Senator Hoke Smith, acting for many Democrats, offered a resolution for the confirmation of army and navy appointments, but the Republican senators insisted on starting at the head of the list for the consideration of postmasters.

Objections by Senator Hitchcock, Democrat, that postoffice appointments had not received consideration by the full membership of the postoffice committee, drew the declaration from Senator Lodge that, if this point were forced, it would be embarrassing throughout the administration of Woodrow Wilson.

Senator Lodge declared that the senate had always followed the precedent of confirming postoffice appointments on the recommendation of the subcommittees of individual senators to which they were referred. Senator Hitchcock finally withdrew his objections, but no action was taken on any of the other postoffice appointments.

"CURLEY" LINK ON RAMPAGE

Glenwood People Wanted Him Arrested According to Message.

"Curley" Link of Glenwood was on a rampage in Glenwood last night, according to information telephoned here. It was explained to the officers that Link had threatened to kill his wife and that he might do injury to any one in the condition he was. The officers sent word back that they would not go to Glenwood and arrest him without an affidavit, because it was barely possible that the difficulties would all be settled and everything would be serene by the time they arrived.

SPECIAL MEETING.

County Auditor Jesse Stone has called a special meeting of the county board of commissioners to be held here next Monday to consider special business. The board met with the commissioners of Hancock and Shelby counties yesterday in joint session and decided to grant the contractor building the Murray Moore road an extension of time until September first to complete the road.

PROGRAMS FOR STATE MEETING

County Superintendent George Distributing Advance Circulars for Teachers' Ass'n Session.

FIRST THREE DAYS AFTER XMAS

Sale of Tickets Here is Large and Representative Body from Rush Will Attend.

C. M. George, superintendent of the county schools, is in receipt of a number of copies of the program for the fifty-ninth annual session of the Indiana State Teachers' Association, which will be held in Indianapolis December 26, 27 and 28. The programs at the various sessions promise much in the way of instruction and entertainment for the teachers.

Supt. George still has a few tickets for the meeting which were allotted to the teachers of Rush county. They are sold at fifty cents each. From the sale of tickets it is learned that a great many teachers in the county will attend. The schools close tonight for a two weeks' holiday vacation.

Probably the greatest number which the program offers is the speech which will be delivered by Senator Robert M. La Follette Thursday at the general assembly. All of the general assemblies will be held at Tomlinson hall. Senator La Follette's subject has not been announced. Other speakers of note at the general assemblies will be Dr. C. A. Prosser, secretary of the National Society for the Promotion of Industrial Education of New York, whose subject is "Some Practical Phases of Industrial Education;" Dr. Charles H. Judd of the School of Education, University of Chicago, who speaks on "Reading and Numbers as Phases of Industrial Education;" C. N. Kendall, commissioner of education state of New Jersey; Dr. E. A. Hanley, president of Franklin college; Hilton U. Brown, editor of the Indianapolis News; Bliss Perry, editor of the Atlantic monthly.

As usual each session will be interspersed by a number of musical numbers and readings. Anna Genevieve Smith is on the program for several selections on the harp and Marietta La Dell will give the majority of the readings.

DEATH WAS AN ACCIDENT

Piece of Shell Rim Found in Roy Steward's Chest.

It has been definitely established by the coroner of Shelby county that Roy A. Steward, son of Mr. and Mrs. John Steward, and brother of Mrs. David Ray of Homer, was killed at his home one night this week by the accidental explosion of a shotgun shell. The boy was at home alone with six brothers and sisters. The finding of a piece of the rim of the shell in the boy's breast removes all doubt but what the death was accidental. It is believed he placed the shell on the hot stove which caused it to be discharged.

FRANK LOFTUS ELECTED.

Frank T. Loftus of this city was elected secretary of the Central Electric Railway Account Association at a recent meeting of the association at South Bend. Mr. Loftus is auditor of the Indianapolis & Cincinnati Traction Company here.

A ten pound baby boy was born to the wife of George Davis at their home in West Ninth street Wednesday night.

BELL PEALS FOR MONEY

Salvation Army Workers on Street With Little Kettle.

The piercing peal of a little bell in the hands of some member of the local Salvation Army corps each minute of every twelve or fourteen hours a day, arouses pedestrians on the down-town streets to the realization that the Salvation Army is still on the job and is looking after the Christmas cheer in the poor homes of Rushville. The little iron kettle stands beside the person with the bell, which does its merry appeal for a contribution, no matter how small, to help buy baskets of good things to eat, which will be distributed on Christmas day. Last year 300 baskets were given out.

NO DISSENTING NOTE IS SOUNDED

Lawyers Favor Slicing of Sixteenth Judicial District And Would Like Separate Circuit Here.

THEY ARE ENTITLED TO IT

Not a dissenting note among attorneys has been sounded to the idea of slicing up the sixteenth judicial circuit and making Shelby circuit court, and possibly the Rush circuit court, a separate circuit. Most of the Rushville attorneys—in fact all of them—would be pleased if court were in session here nine months out of the year because under those conditions much more business could be transacted. They figure, also, that considerable change of venue business would come here from some of the surrounding courts that are crowded. And in addition, they believe they are as much entitled to a separate circuit as Hancock and Henry counties.

Attorneys here believe there is not much probability of the legislature hooking Rush and Fayette counties together because there is too much opportunity for electing a Republican judge. In the event of a change in the circuit there is little doubt but what a judge will have to be appointed, which fact has placed a lot of Rushville Democratic attorneys in a receptive mood.

SOLD IN EVERY STATE BUT FOUR

Red Cross Seals Were First Sold in Delaware For Anti-Tuberculosis Campaign.

WONDERFUL STRIDES MADE

The Red Cross Christmas seals are being sold in every state of the Union except four. This fact is all the more remarkable when it is recalled that the plan was not started until 1907. In that year Jacob Riis and Emily Bissell sold a Red Cross stamp in Delaware to earn funds for carrying on anti-tuberculosis work. They collected \$3,000. The next year the national stamp came into existence under the auspices of the Red Cross Society and this year 85,000,000 seals were printed. Something of the increase in popularity of the seal is shown by the increased sale in Indiana. In 1910 there were sold in this state about 600,000 and last year the sale amounted to 1,244,000. Two years ago no seals were sold in Texas and last year that state bought 1,250,000.

The Daily Republican Santa Claus fund is doomed, it seems today, to be smaller than it was last year. But Santa Claus is not down-hearted. He never gets so. He still has great hopes of some unusual thing coming to pass that will increase the fund and make it near the amount that was contributed last year.

The good people of Rushville and Rush county have just two more chances to join hundred or more happy people, both grownups and little ones, who have already contributed, in assisting to make a merry Christmas for the unfortunate little folks of Rushville.

Last year the total contributed for the making of a happy Christmas for the hundreds of children who have no anticipation of Santa's visit was \$179.18, the largest amount received in the three years history of the fund. Something like fifty dollars or more will have to be contributed if the same record is established this year.

It appears that this year's fund will do well to equal that of the first year, 1909, when the people of Rushville and Rush county gave \$152.32. In 1910 the fund was increased by \$2.84.

On account of the shortness of funds this year it appears that the fund managers will have to depend on the services of vehicles being donated to do the delivering. Last year the money was so plentiful that it was possible to hire plenty of rigs so that the delivering was all done in a half day. This year the buying was started long before it was ascertained about what the amount of the fund would be, and buying on the same scale as they did last year, the buyers quite naturally overstepped the mark. For this reason alone much more money is needed else the packages will have to be cut down this year and the little folks will get less Christmas.

The wrapping and tying of the packages and the routing of them in preparation for delivery will be done next Monday, all in a day if enough helpers can be procured. The work will be done in the Maria Toolen room at the corner of Main and First streets and the deliveries will be made from there. Any persons who feel that they can spare some time next Monday to assist in the work are kindly asked to communicate with Mrs. Owen Kincaid or the Daily Republican office.

Mine Workers' Head Re-Elected.
Indianapolis, Dec. 20.—The tellers for the referendum election of the United Mine Workers of America are preparing the official result of the balloting. The unofficial count shows that J. P. White will be re-elected over Alex. Bradley of Mt. Olive, Ill., by a big majority for president. The figures show that it will be a close race for secretary and treasurer; Edwin Perry, the incumbent, William Green and Joseph Richards being neck and neck.

Congressional Recess.
Washington, Dec. 20.—Upon adjournment yesterday afternoon more than two-thirds of the membership in congress started for their homes to spend the holiday recess. The two houses will be off the job until Jan. 2.

SITTING SUSPENDED

The Archbald Case Will Be Resumed After Holiday Vacation.

Washington, Dec. 20.—The impeachment trial of Judge Robert W. Archbald of the United States commerce court, was suspended in the senate at 4 o'clock yesterday afternoon until after the holidays. The defense has about ten more witnesses and will conclude its case by putting the respondent himself on the witness stand. Following the witnesses for the respondent the house managers will call a few witnesses for rebuttal. The case will be closed early in January and a vote probably will be taken before the end of that month.

CAUSE OF IMPURE BLOOD

Druggist Tells of Best Remedy.

Pure healthy blood is a most essential factor to good health.

Poor, thin, devitalized blood may be caused by a weakness of the digestive organs, an accumulation of waste matter in the system, an inactive liver or lack of exercise.

Whatever the cause the best remedy we know is our delicious cod liver and iron tonic, Vinol. It will purify and enrich the blood, tone up the digestive organs, give you a hearty appetite and create strength.

A case has just come to our attention from Schenectady, N. Y. Mrs. Mattie Hall says: "I was forcibly reminded that my system was run down and my blood in bad condition by an abscess forming in my side which required treatment for several weeks. Under the regular use of Vinol to purify and enrich my blood and build up my strength this was soon healed, and my general health was much improved."

If you have the slightest indication of poor blood take Vinol. If it fails to help you we will give back your money. F. B. Johnson and Co., druggists, Rushville.

P. S. Eczema Sufferers! We guarantee our new skin remedy, Saxo.

TUBERCULAR ASTHMA CONQUERED BY NATURE'S CREATION

MORRIS MCBRIDE.

"To the Public: For two years I suffered with what physicians said was tubercular asthma and three of our best old men could not cure me. After holding a consultation they said that the best thing I could do was to go to Colorado. At this time I was coughing and spitting up plentiful quantities, weighing less than 100 pounds. I began taking Nature's Creation about the first of November, 1911. I have not had a single attack of asthma since and haven't coughed or spit anything for at least three months. At this time last year I was suffering every hour, day and night, and was not able to lie down for five and six weeks at a time. Now I feel as well as I ever did in my life and weigh about 125 pounds. These are facts, and if any one doubts them write to me and I will have our bank or any of our best merchants endorse my statement. Respectfully, MORRIS MCBRIDE, Shoals, Ind."

"November 5, 1912. 'I am feeling fine and O. K.' People say I am looking the best they ever saw me. My strength is good, I work hard all day and do not tire out easily. I have cut over four hundred shocks of corn since I wrote you last—most of it was very heavy corn. I saw the party to whom I recommended Nature's Creation. He said he had gotten a bottle for his wife and that she hadn't been bothered with the asthma since she began taking your medicine and is sleeping good every night. Yours, truly,

Valuable booklet containing full information regarding the use of Nature's Creation in the treatment of tuberculosis and the conditions which lead to it, such as weak lungs, bronchitis, impure blood, run-down system and asthma, will be sent free of all charges. This booklet also contains photos and testimonials from local parties telling of many remarkable recoveries from asthma and tuberculosis in all forms. Address M. L. Hayman, 417 State Life Bldg., Indianapolis, Ind."

BODY CONSUMED BY QUICKLIME

Murderer Sought to Make Sure of His Work.

OLD CELLAR DISCLOSES SECRET

Richmond Police Working on Gruesome Case in Which Joseph F. Snyder, Declared by Widow of Victim to Have Been the Slayer of Henry Dayton Two Years Ago, Is Connected Through Alleged Confession.

Richmond, Ind., Dec. 20.—Beneath a layer of earth and quicklime in the cellar of the Dayton home, the skeleton of Henry Dayton, who disappeared mysteriously two years ago, was found by the police. That Dayton had been murdered and his body carried into the cellar and buried to hide the crime there is no doubt, according to the police.

Joseph F. Snyder, who left here several days ago and who is now being sought, is alleged by Dayton's widow to have been her husband's slayer. This information, she says, was given her when she received a letter from the alleged murderer telling of the crime. Mrs. Dayton turned the letter over to the police, who went to the Dayton home, in the northern part of the city, and began an investigation. At the foot of the cellar stairs there was evidence that the earth had been thrown up and here the police began to dig. Less than two feet beneath the surface they came on the skeleton of a man. The body had been doubled up and thrown into the hole. Alternate layers of earth and lime had covered the body and the lime had done its work well, for not a vestige of flesh was on the bones. The back part of the skull was broken, as if the man had been killed with a hatchet. Descriptions of Snyder have been

sent to the police departments in many cities. Snyder is fifty years old, five years older than his alleged victim, and before and since the murder he had lived in the Dayton home. Dayton was a factory employee and had a family of three children. Snyder took up his residence with Dayton in 1910, and his relations with Dayton were said to have been of the pleasantest kind.

Mrs. Dayton told the police that neither she nor her husband had knowledge of Snyder's past, but that he had led them to believe he formerly was a school teacher. Dayton disappeared on Labor day, 1910, and Mrs. Dayton, after failing to hear from her husband, reported the matter to the police two days later. The police at the time found nothing suspicious in Dayton's leaving, and as none of his family seemed to regard his absence with alarm, the investigation was dropped. Finally it was said that Dayton had gone to his former home in Kentucky. Snyder continued to live at the Dayton home and is said to have contributed to the support of the wife and children.

The cellar is in reality a sort of "dug out" beneath the kitchen of the house, and was not used for storage purposes and the entrance is by a trap door in the floor. Just how Snyder could have killed Dayton, buried him in the cellar, after obtaining lime and carrying it to the house, without leaving a trace of his work behind, is a feature of the mystery that indicates to the police that all the facts are not yet known.

CRIME OF THE CENTURY

In These Words Government Characterizes Dynamiting Case.

Indianapolis, Dec. 20.—In closing his argument in the dynamiting cases, Assistant District Attorney Noel characterized the dynamite conspiracy as the colossal crime of the century.

"I confidently expect the conviction of every one of these forty defendants on every count in the indictment," he declared. "It seems to me that the government, with the tremendous amount of evidence that has been laid before you has made a complete case."

To Mr. Noel was given the difficult task of presenting in its entirety the case of the government, compressing into one day and a half's time of discussion what in nine weeks of rapid presentation of evidence the government had laid before the jury. Chester H. Krum of St. Louis, attorney for John H. Barry, former member of the iron workers' executive board, and for Paul J. Morrin, former iron workers' business agent, then began the presentation of the argument for the defense.

Wealthy Farmer Murdered by Robber. Evansville, Ind., Dec. 20.—The police are baffled by the mysterious murder of Israel Deischler, aged fifty, whose body was found under a bridge that spans Pigeon creek, in the west part of the city. Deischler owned a large farm in Wabash county, Illinois, and several weeks ago married a wealthy widow. He had been shot once, the bullet passing through the abdomen. His pockets were rifled.

Ben Kahn Secures Bond. South Bend, Ind., Dec. 20.—Ben Kahn, accused with Ben Franklin in the "arson trust" case, has been released on \$7,500 bond. An effort is being made to get bail for Franklin. His bond has been reduced from \$20,000 to \$10,000.

Another Guinness Rumor. Laporte, Ind., Dec. 20.—Information that Mrs. Belle Guinness, on whose "murder farm" near here in 1908 thirteen bodies were found, is believed to be in Lethbridge, Alberta, Canada, has been received by Chief of Police Melneke. A woman answering the description of Mrs. Guinness is under surveillance there, says the message. The local police were requested to send a man to complete the identification.

Jury Found Savage Guilty. Terre Haute, Ind., Dec. 20.—Frank Battle Ax Savage, charged with the murder of Harry Kiger on the night of Sept. 25, was found guilty of manslaughter by a jury. Savage shot Kiger to death at the entrance of a saloon, as the result of trouble between the two men bred in the tenderloin district. He pleaded self-defense.

Bryan vs. Underwood.

The editor of a paper in Birmingham, Ala., the home city of Mr. Underwood and chief center of the iron and steel industry of the South, has opened fire vigorously on Mr. Bryan, as Mr. Underwood himself did on the floor of the House at the last session when he rose to a question of privilege especially to show that he was for a fight to a finish with the Nebraska. No doubt with Mr. Underwood's approval the Birmingham editor submits some "startling facts" about the Baltimore convention, setting forth that Bryan, after abandoning and defeating Clark, tried at the last moment to beat Wilson also by a deal with the New York delegation in behalf of Gaynor. Bryan's real object, as this statement asserts, was to get the nomination himself. That he was a Barkis on the occasion is quite probable. But after wiping up the earth with the New York delegation it is not likely that he went to Murphy, Ryan and Parker with a sudden proposal to strike a partner-

ship. The Alabama editor holds that Wilson owes Bryan nothing. But the country knows that Bryan personally brought about Wilson's nomination. It was done in the view of everybody, with each successive step in open convention.

This editorial fellow-townsmen of Mr. Underwood says: "Bryan will never be offered a place in Wilson's cabinet unless Wilson decides that by this means he can preserve Democratic harmony by silencing the Nebraska." The idea of silencing Bryan under any circumstances is amusing. It is not certain that he wants a seat at Mr. Wilson's council table. If he should be offered and accept a place there he will make himself heard beyond any other member. If he remains a Democrat at large he will have plenty to say. In each of his three battles he received at least 800,000 more votes than Wilson. The Baltimore platform, put together by Bryan, favors constitutional amendment limiting a president to one term, and declares that "we pledge the candidate of this convention to this principle." Bryan is an uncompromising free trader, Underwood a trimmer. In antagonizing Bryan, Mr. Underwood and his editorial ally are riding for a speedy fall.

What Our Members Are Talking About

T. R.'s WILD TALK.

(Anderson Bulletin.)

Mr. Roosevelt by his course at the conference of progressives at Chicago yesterday has indicated that his war on the Republican party has just started. He made the broad assertion that no honest man could remain in the Republican party, and that every Republican who wished to join with the progressives would first have to purge himself and be baptized anew in the faith.

In the next breath the colonel led the cheering which greeted a speaker who made a lurid attack on the courts of the country and especially the Idaho Supreme court which is about to jail some bull moose newspapers for contempt of court.

Friends of Mr. Roosevelt in the old days will deplore his new inclinations. His reckless behavior, whether it be a matter of conviction with him, or only for political expediency, has unseated the confidence of hosts of his supporters. He is a virile character, but it had been the hope of his friends that the last campaign saw the most exaggerated extent of his political notions. It seems not. The

prediction is made here that the present Chicago conference will do more than the recent campaign he made against President Taft to strip Mr. Roosevelt of the confidence and admiration of well balanced American citizens.

PAYS BIG PRICE FOR MULES

How Brothers Give \$10,000 for 51 Head.

The largest deal in mules that has ever been consummated in Decatur and adjoining counties for years, is that of Inlow Brothers, of Manilla, buyers and shippers, who purchased fifty-one head of the long-eared fellows from William Mobley, of Hartsville, says the Greensburg News. The price paid for the half century and one mule was \$10,000.

Inlow Brothers then shipped sixty-one head of these animals to the southern market, selling the entire lot at an average of \$200 per head.

County Council Appropriates \$1,583.33 at Session Today.

At the special session of the county council today a deficiency appropriation of \$1,583.33 was made and the council adjourned sine die. All of the money appropriated was to be used in closing up the year's business. All money left on hands reverts back at the first of each year and the council has to reappropriate. The biggest items today were for bridge repair and the salary of the county asylum superintendent, \$221.88.

DRUGGIST LANDS THE PLUM

Willard S. Pugh is Recommended For Grenfield Postoffice.

Finly H. Gray, representative in congress from the Sixth district, announced yesterday that he will recommend Willard S. Pugh, a druggist of Grenfield, for postmaster. Several men had made application for the place. The term of George W. Duncan will expire July 31, 1914. Congressman Gray has also announced that he will recommend Quincy A. Wright for postmaster at Fortville.

AMUSEMENTS

The Ercie will have the usual change of program tonight. "Don't Pinch My Pup" is the title of a comedy, which is said to be very clever. "Treasurers on the Wing" is a Solay drama.

The Princess offers an exceptionally good program tonight. "When Persistency and Obstinacy Meet" is the title of the first picture, a Vitagraph featuring Florence Turner and Maurice Costello. The other is a Selig drama, "An International Romance."

The Palace theatre has installed fire extinguishers in the picture machine room as well as all over the theatre. They are so placed that they can be used by people in the audience in case of emergency. All Indianapolis theaters have extinguishers, and it is expected that the next legislature will pass a law making them compulsory.

Three reels showing the Olympic games, held this year at Stockholm, Sweden, will be shown tonight at the Portola. The first reel of pictures shows the Swedish royal family arising in its box at the stadium for the opening of the contests. The parade of the nations before the Swedish royal box will be given, followed by the football game between Sweden and England; the American team winning the trap shooting contest; Ralph Rose, of the American team, winning the shotputting event. The second reel will give the three hundred kilometer bicycle race around lake Marlan, which Rudolph Lewis, of South America, won in 10 hours, 32 minutes; pole vault won by Babcock of the American forces; McGrath of America winning the hammer throw, and a military horse show. The third picture shows the swimming events; the high jump; the start of the Marathon and ends with king bestowing medals and wreaths on the victors.

BRYAN'S STAMP OF APPROVAL HELPS

President of Indiana University Praises Carthage Schools For Their Excellent Work.

COMMISSION IS RETURNED

The recent visit of William L. Bryan, president of Indiana University and member of the State school commission, probably had much to do with the return of the commission to the Carthage high school. It was taken away from the school several months ago after revelations brought out by the investigation of the shooting of a Carthage school boy by one of his comrades. Pres. Bryan visited the Carthage schools several days ago and addressed the high school. He was asked for a statement concerning the schools and gave out the following:

"Carthage has good schools. I saw no bad work. The best I saw was very fine, such as is rarely seen. I was impressed by the ideas which the trustees and superintendent have for future improvements. They seemed to me reasonable, prudent and in the best sense progressive. I look for the development here of one of the very best schools in the state."

NEW SHERIFFS FRAME NO BILLS

New Organization Adjourns, Determined to Await Report of State Board of Accounts.

AGREEMENT ON FOREIGN FEES

The forty or fifty sheriffs-elect from over the State who attended the meeting at the Denison hotel, left for their homes Thursday without having framed any bills for presentation to the legislature, says the Indianapolis News. A. F. Gladieux, sheriff-elect of Allen county, said that nothing along that line would be done at this time. He said:

"Two years ago the legislature directed the public accounting board to prepare statistics showing the cost of conducting all the county offices in the state, with a statement of the amount of help required in them and the wages paid and that ought to be paid. The board is to submit this data to the coming general assembly, and we will wait until that report is in before we make any move."

The sheriff's agree that they would collect "foreign" fees for each other without charge. Plans were discussed for co-operation among sheriffs in detecting criminals.

ARMY OF TWENTY-SIX DWINDLES TO THREE**Suffragette Hike Promises to Peter Out.**

Fishkill Landing, N. Y., Dec. 20.—In the midst of darkness and a rip-snorning snowstorm, three survivors of the suffragette army arrived here at 6:45 o'clock last evening. They had walked twenty-four miles during the day over roads almost impassable on account of mud. This record-breaking performance had exhausted all of them. General Rosalie Jones, who barely recovered from badly blistered heels, nearly collapsed in the public

square and had to be carried into the hotel, where she revived under the ministrations of Surgeon General Dock, who is one of the three faithful hikers.

The army went to bed immediately upon its arrival here and did not emerge again until long after dinner, when it marched down to a dinner of Fishkill business men who were celebrating the fiftieth anniversary of the Tompkins Hose company, the best-known fire department in the village. There War Correspondent Jessie Hardy Stubbs, who is the third survivor of the dauntless twenty-six, made a speech.

The start today was not made until 10 o'clock, with Wappingers Falls, eight miles away, as its objective.

Old Game in New Guise.

Seymour, Ind., Dec. 20.—The police of this city are trying to find "Professor" Keller, who left Seymour after obtaining between \$700 and \$1,000 from the citizens. He advertised himself as a clairvoyant. After a short reading he informed his clients they could find a hidden treasure or lost estate, but they must deposit some gold money with him so it could be "magnetized." He instructed them to return later. When they came back he had disappeared.

PILES

As increasing business makes it necessary to provide larger and more convenient facilities centrally located, I will treat my patients at the offices of

Dr. Morrison,
Hamilton Block, 207 N. Franklin St
Greensburg, Indiana

I have made the treatment of Rectal diseases a special work for several years. I wish to call your attention to my treatment for Hemorrhoids or Piles, without the use of the Knife or Ligature. Piles in any of their forms, such as Bleeding, Itching, Blind or Prolapsed Piles successfully treated.

In my treatment we have no Sloughing, no Loss of time, no Abscess, no Failure and no Return of the Trouble.

To those interested I will give the names of many patients cured.

Marion 37-A five-passenger touring car, fully equipped, \$1475

STYLE, Class and Distinction heretofore unknown among popular-priced cars are expressed in Marion automobiles of the 1913 series.

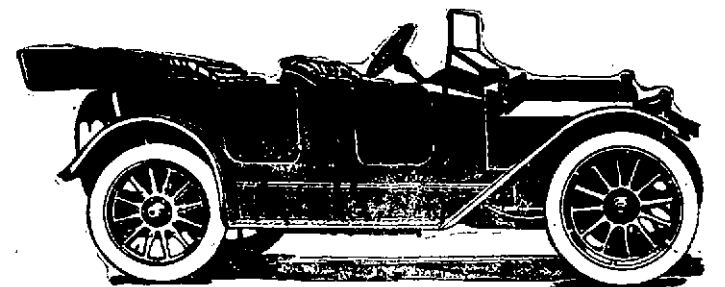

They immediately impress you as being cars of unusual beauty and size. Their appointments for your comfort and convenience instantly appeal to you. Their records through ten successful years prove their durability and satisfactory service.

You cannot buy 1913 cars built with greater intention of having them make good with YOU. They are made by some of the best known men in the trade, and in the largest automobile factory in Indianapolis.

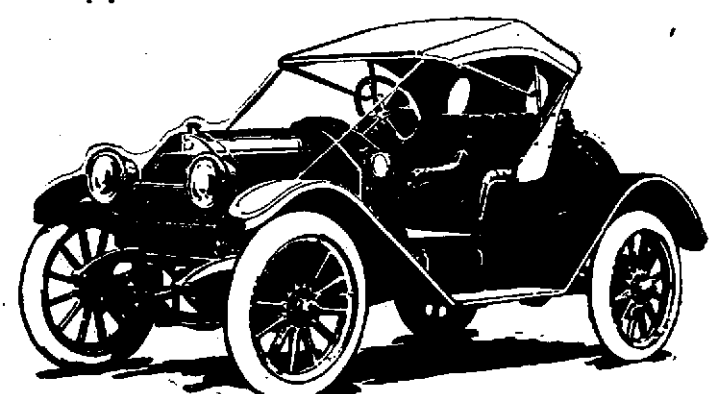

Consider those most important features which you will want in your 1913 car—the Marion line will meet every desire. Its equipment, for example—there is every accessory on the Marion to insure your touring comfort. All is regular, and at one price.

If you have not already seen the new Marion cars, by all means do so today.

When you look at these cars—remember—with their beautifully finished and appointed bodies are staunch and sturdy chassis; strong and quiet long-stroke motor; constant level (circulating) oiling system; carburetor adjustment on steering column; three-point suspension; smooth and positive clutch; selective transmission, three speeds forward, center control; four double-acting brakes; dependable steering gear and axles, and complete equipment.

Marion 48-A five-passenger touring car, fully equipped, \$1850

\$1850 The Marion 48-A is the Marion de luxe, a larger, more powerful five-passenger touring car. It is an automobile of quality and distinction, in length, finish and equipment. With unusual roominess in its body, depth of upholstery, and ease in riding it is indeed a car for those who desire luxury and class. Forty-eight horsepower long-stroke quiet motor; 120-inch wheelbase; 36 x 4-inch tires; flexible springs of imported steel; full equipment.

Marion 36-A "Bobcat" roadster, fully equipped, \$1425

\$1425 The Marion 36-A, famous as the Marion "Bobcat", altogether the snappiest two-passenger roadster of the year. It has lines which indicate the speed it possesses. Its low bucket seats make it exceptionally comfortable on all roads. It is finished in cardinal red and has the same chassis as the 37-A—power, dimensions, and equipment.**Want Ad Department**

GUIDE IS HELP TO POSTAL CLERK

Zone of Every Postoffice For Purposes of Parcels Post Can Be Set Down.

REGULATIONS ARE RECEIVED

When Maps and Stamps Are Sent Everything Will Be Ready For the Start.

Postmaster Charles A. Frazee has received the parcels post guide book and rules and regulations so that the postoffice force can get familiar with the workings of the new service.

The guide book is the most interesting part of the consignment. It gives the name of every postoffice in the United States, according to States, and in alphabetical order. There are two columns after each postoffice. In one is the unit in which the postoffice is located. The other designates the zone column and is left blank.

The zones are different for each unit. For instance, postoffices in the Greensburg second zone would not necessarily be in Rushville's second zone because Greensburg and Rushville are in different units. When the Rushville postoffice receives a parcels post package for a certain postoffice, the clerk can consult the special parcels post map of the United States and determine what zone it is in, taking the Rushville unit as a basis. Then the zone can be set down in the guide book opposite the postoffice, and when another package for the same postoffice is mailed here, it will not be necessary to go to the trouble to determine the zone again. The clerk can refer to the guide.

Postmaster Frazee is expecting a consignment of the new maps and the special stamps at any time now, and then they will be ready to start the new service on the first day of the new year.

The new maps for the parcels post system are unique in that no towns are shown on them. Where each town should be, there is a number enclosed in a small square, giving the zone. For instance, if there is a parcels post town in the state of New York

it will be numbered and it will be necessary to take the guide book to find the location.

The guide and postoffice regulations which have been received tell the condition governing all articles to be mailed and the condition in which the packages are to be packed. All smaller features about the system are explained in detail.

The book of regulations gives a list of articles which will be prohibited from the parcel post service. These prohibitions include all articles now barred from the mails in the way of obscene, lewd or immoral literature. All intoxicating liquors are barred and all poisons, which do not include medicines composed of poisons in part. Insects and explosives are excluded from the service and all inflammables, such as turpentine and gasoline. Infernal machines, whatever they are, will not be received by the department and the same applies to mechanicals or chemicals which are of an explosive nature.

There is a regulation for the transportation of disease germs and seeds, such as cultures. Queen bees and dried reptiles are admitted as mailables, but all live birds and chickens are barred. Dressed poultry may be sent, provided its destination is not farther than the first zone.

HELD UP AND ROBBED.

J. Buscher, night operator at the C. H. & D. station at Liberty, was held up at the point of a revolver early yesterday morning by a robber who emptied the till of all of its contents, \$18, and fled. He was thought to have come in this direction.
